

Dear Parents,

Work on our new home at 34 Winter Street continues on several different fronts. Currently, I meet weekly with the architects, while the Construction Committee meets bi-weekly reviewing drawings and developing plans that will optimize the space in the new building.

Members of the Construction Committee are:

- **Mari Badger**: Schools for Children Trustee, former LES parent, consultant to independent schools
- **Deanne Benson**: Head of School
- **Jamie Braman**: Advisory Board Chair, parent
- **Lisa Giovanetti**: Architect, parent
- **Ted Wilson**: Executive Director, Schools for Children
- **Jenn Young**: Elementary Program Director, parent
- **Paul Zablotski**: parent

All of the Construction Committee members are happy to answer any questions or receive any comments you may have.

Warmly,

Deanne
