

Young Adventurers (Ages 2.9 - 5) Kindergarten Discoverers (Entering Kindergarten)

Young Adventurers and Kindergarten Discoverers will enjoy a summer full of fun at Lesley Ellis! Our program features a warm, nurturing environment where young children can play and explore weekly themes and activities in the care of experienced early childhood educators.

Each day a variety of activities involving art, science, music and movement are introduced at young children's developmental level. Young Adventurers and Kindergarten Discoverers have many opportunities to do what they love to do! Children enjoy a combination of planned activities and free time where they can play, imagine, build, dance, sing, dress up, dig in the sand, try a new game, listen to stories and more.
