

# Lesley Ellis School Vacation Clubhouse 2019-2020

## What's it all about!

Vacation Clubhouse at Lesley Ellis School is a great way for students to enjoy a non-school day. Each day has a specific theme and is filled with related activities.

We have three programs; Early Childhood (Preschool, PreK, and TK), Elementary (Grades K-4) and Middle School (Grades 5-8). When possible we will have separate Elementary and Middle School programs. Each program is designed to offer age-appropriate educational and physical activities, crafts, and games.

Full day programming typically includes a field trip to such places as the Boston Museum of Science or Connors Farm. We return to school in time for activities and outdoor playtime before the 3:15 pick-up. Students staying until 5:30 have additional activities. Depending on the length of the field trip, students eat a picnic lunch at our destination or return to school to have lunch.

Half day programming (Early Release Days) usually includes an interesting project, a walk to a local attraction, or a visit from a special guest.

Enrollment is limited so that we are able to ensure a fun and safe day for all students. Please sign up now if you know that you will need childcare on any of the program days, or sign up during the year as far in advance as you can to ensure a space for your child. Siblings and friends of Lesley Ellis students who are in Preschool - Grade 8 and do not attend Lesley Ellis are also welcome during school vacations if space is available.

We look forward to spending some time together with your child.

Sincerely,

Jeanette Keller  
Auxiliary Programs Director

## Here's how it works!

### Early Release Days

#### Clubhouse

#### "Get Smart with Art"

We will learn about the Arts and explore how to express our creativity while challenging our intellect. Each group will explore ideas, subject matter and culture in delightfully different artistic ways. This will include Visual Arts, Dance, Music, Theatre and Writing.

### Holidays and Conference Days

#### Clubhouse

#### "Out and About"

Each day we will have tons of fun when we take to the streets. Your "guides" will bring you to our famous museums, show you the coolest landmarks and let you explore the world outside our school doors.

## Vacation Clubhouse Weeks

Weeklong themes are incorporated into everything we do for four full days. Each week is filled with a variety of activities and events that revolve around our theme.

### February Clubhouse Week

Join us for Engineering Everywhere!

Science explorations happen throughout the day. Build towering dowel structures. Design houses out of giant cards. Try building a structure out of newspaper and make it strong enough to hold as much weight as possible. Investigate basic circuitry and build your own light-up game out of recycled materials! Also, take a look at how nature can inspire engineers. What sort of design will you think up?

### April Clubhouse Week

Go for the Gold!

Let the games begin! We are going to start passing the torch early as we compete against our friends to see who will win the gold! Come play your favorite Summer Olympics game!

Please take a look at this year's dates!

- Enrollment is on a first come, first serve basis.
- Vacation Clubhouse Days require a minimum enrollment and have a maximum enrollment.
- Pick-up times are at 3:15 and 5:30. Parents arriving after these times will be assessed a late fee.
